

When working with a client, Momentum Catalysts makes Three Assumptions. These assumptions establish the foundation of our work together and provide for a relationship built on respect, trust and the inherent knowledge and insight in each individual.

*CREATING,
LIVING,
BECOMING,
BEING YOUR VISION*

THREE ASSUMPTIONS

- People possess their own answers to their individual challenges.
- People possess the personal power to make their intrinsic answers become reality.
- People and organizations can have their vision, dreams and goals become reality.
